PRODUCT DESCRIPTIONS

**This product that you're going to wear,
It was not made in just one day.**

*Medical device registration completed

Over a year,
ozens of prototypes and feedback.
Try it on yourself,
reduce the inconvenience,
modify it again, and,
I retested it.
Only one wearing experience that was completed.

The difference you feel the moment you wear it,
It's a product that I really made for you

"A year of time, a single completion! Small movements make a big everyday life."

*** Patent in progress**

Background of development

The director with 20 years of experience
Finger products developed by yourself
that you felt you needed after meeting 30,000 patients
